Hi Terry,

Thanks for sending me the link. I had forgotten that the living children would have their name listed under the parents but that is all the information given on them. I feel much better now. Thanks for the help.

Joe

Well, Doug is my Dad's brother so I get a lot of emails from him.... as well as family photos. I saw from this link <http://www.peerygenealogy.com/home/p9737.htm> that his name was listed under Grandpa Jean.

Now, Camille and T.Kevin have passed away - only Jula, Michael and Doug are still alive. I'll check out the PDF's and see what I can get you!

Hi cousin Terry,

Thanks for the information and the photo. I've updated as much as I can without some help. So that you can see what I have, I attached 2 pdf files. Please look them over and see if you can help fill in the blanks. Updated dates of death, dates of marriages, spouses, etc. Any help would be appreciated.

I'm curious how you were able to see the information on Doug. I don't have him flagged as dead and he shouldn't have been on the public website. Would you mind going back to the page where you found him and copy the url and send it to me. I've tried to exclude living people from the website to protect their privacy. I wonder if I made a mistake and published some info that I shouldn't have.

Anyway, thanks again and look forward to hearing back from you.

Sincerely,
Joe Peery

Hi Joe,

My Uncle forwarded me the link to this site - I'm pretty excited to follow how the family genealogy expands out

-

I'm Terence Emmett Hopkins b Nov 22, 1968 in Duarte, CA
Married to Lynn Marie LeGro b Jan 12, 1970 in Hacienda Heights, CA
Son of Michael Denis Hopkins
Grandson of Eugene Kenney Hopkins and Mary Frances Kennedy

I noticed that under Jean thus far only Uncle Doug is listed as a child. I know that there are five children
Doug, Mary Camille, Michael Denis, Julia & Thomas Kevin - do you have their data to include?

Jean Kenney Hopkins
